

THE SCRUCIALISTS

All The Way feat. Ward21, Lukie D, Turbulence, Luciano and many more

As mentioned in the last press release of our upcoming release Crystal Woman & Musik Two Riddim Compilation the new Scrucialsists album will be released in october.

For **The Scrucialists** from Basel, Switzerland going „all the way“ means you don't give up until you **have reached your goal**. You stay true to yourself. No compromises are made until you sit behind the desk of the legendary Black Scorpio studios in Kingston, Jamaica and record your **idols from the last fifteen years**.

The Scrucialists already had gained a great **reputation as a liveband** through several European tours. But the four of them never thought that the reactions to their very own music would be so overwhelming: **Jamaica's best, stars and newcomers**, gathered in the studio to voice the Scrucialists' riddims. Back in Basel the Jamaican recordings were completed with songs by some of the band's longtime European companions. The result is an **awesome compilation** carrying the passion for reggae music „all the way“ from Switzerland to Jamaica and back.
